

SCHOLARSHIP

At Cindy's Memorial Service, her brother spoke of his sister's "love of travel, golf, cooking and horseback riding." After her death, he found a note pad and pen on a table in her house, as though she had just written her thoughts. On the note pad was a list of things she enjoyed the most, one of which was "horseback riding at a dude ranch."

Thoughts of Cindy will remain with us as we continue to ride at CR Summit Riding Club in Steamboat Springs, CO.
